## Supportive Services for Veteran Families (SSVF)

Supportive Services for Veteran Families (SSVF) assists homeless and at-risk Veteran families. Through the SSVF Program, VA aims to improve very low-income Veteran families' housing stability. Grantees (private non-profit organizations and consumer cooperatives) will provide eligible Veteran families with outreach, case management, and assistance in obtaining VA and other benefits, which may include:

Health care services	Legal services	Daily living services	Child care services
Fiduciary and payee services	Transportation services	Personal financial planning services	Housing counseling services

In addition, grantees may also provide time-limited payments to third parties (e.g., landlords, utility companies, moving companies, and licensed child care providers) if these payments help Veterans' families stay in or acquire permanent housing on a sustainable basis.

## Transitional Housing Programs

### -Grant and Per Diem (GPD)-

Depending upon what your individual needs and on bed availability at particular locations, you may be eligible for one of the Grant and Per Diem (GPD) Programs. The GPD programs are transitional, supportive housing in which homeless Veterans may potentially stay for up to two years with the goal of working toward permanent housing during this period. GPD Programs involve a range of structured activities, such as group and house meeting attendance and participation, opportunities to meet with non-VA human service providers, and offerings for volunteer, social, and civic opportunities. Veterans are allowed 3 admissions to a GPD program in their lifetime. There are circumstances where this limit may be waived. The determination is made between the GPD program site staff, the VA liaison assigned to the GPD program site, and the national GPD program headquarters.

Veterans with an honorable or other than honorable discharge may be eligible for the GPD program. The Veteran's period of service must include a period of active military duty not for the purpose of training. Therefore, you may be eligible for VA homeless out-reach services while you are in the GPD program even when you may not be eligible for VA health care. Veterans are provided lodging at the GPD sites and case management. The VA pays for services and case management. Veterans may pay a residential fee.

As a general rule, in order to be admitted to any one of the GPD Programs, Veterans need to have a 30-day sobriety from illicit substances and alcohol; GPD Programs have a zero tolerance policy for illicit substance and alcohol consumption and/or possession. Veterans are required to have had a physical and mental health evaluation 30-day prior to entering a GPD Program. You will be asked to complete Releases of Information and/or fill out applications for GPD Programs of interest. VA Homeless Outreach team members can assist with the completion of applications for GPD Programs.

Some individual GPD Programs encourage or require face-to-face interviews and/or tours of the facility prior to admission. VA Homeless Outreach team members are only able to accommodate one visit per Veteran to a GPD Program, if you are interested in visiting more than one prior to committing. You should consider coordinating transportation arrangements independently for additional visits.

Each site develops their own specific criteria for admission due to the different offerings provided at each program. Some sites have limited space available for families and/or couples on a case-by-case basis.

### VA Supported Housing Program (VASH)

Homeless Veterans may qualify for the VASH program. VASH provides Veterans with long-term, ongoing case management in the community and a Section 8 Housing Choice voucher. Veterans must demonstrate a willingness to engage in goal-oriented activities, meet routinely with a case manager, comply with lease and occupancy agreements, and live within an hour of either the VA Medical Center or a Community-Based Outreach Clinic (CBOC). Notify a VA Homeless Outreach Worker if you are interested in learning more about the eligibility criteria, policies, and procedures associated with being a VASH enrollee and wish to be considered for VASH by the White River Junction VA homeless team.

### Veterans Service Organizations

To apply for health care benefits through the VA or to request assistance from many Veteran Service Organizations, your DD2 14 will be required. It is also possible that you may find your DD 214 at the State Office of Veterans' Affairs in which you were living upon Discharge from service.

**Friends of Veterans (FOV)** is a 100% volunteer-run, non-profit organization that assists Veterans with improving their self-sufficiency through classes, case management, and financial assistance for those who qualify. Veterans who are looking for assistance with back rent, a security deposit, or overdue utility bills will need to present their DD214 and documentation regarding their financial circumstances such as eviction notice, outstanding balance on an invoice, and a completed expense and income form. Veterans should contact FOV for an intake meeting.

## Transportation Resources

### -Disabled American Veterans Volunteer Drivers Program (DAV)-

DAV provides FREE transportation for Veterans to and from the White River Junction VA Medical Center. Veterans should provide a Minimum of 48 hours' notice for pick-up, Walk-In and scheduled medical appointments between 9am and 2pm at the latest. The DAV Program office is located in Building 31, Ground Floor Blue Tile Area and can be contacted by calling 802-295-9363 x5394 or Toll Free 866-687-8387 x5394. The DAV program is able to offer service to some areas in the NEK and the North Country but unfortunately not all. There are designated DAV volunteer drivers who provide transportation to and from locations within the NEK and North Country. To see if the DAV Van Program can assist you with transportation it is best to contact one of the local van coordinators directly or call the main office in White River. The Colebrook area is a more difficult area of coverage for the DAV but if you are able to travel to Groveton, Gary Roy can assist with transportation. The following are local DAV volunteer Van Coordinators.

Berlin NH <b>Gary Roy</b> - 603-752-3024 (Thursday *)	Haverhill NH <b>David Pruitt</b> - 603-989-5946 (Tuesday to Friday)	Newport Vermont <b>Heather Dowland</b> - 802-895-4680 (Tuesdays)

## Veteran Counseling and Support Groups

**Crisis Prevention Hotline:** We want you to have the support you need when you need it. The National Veteran Crisis Prevention Hotline is available 24 hours a day. The number is 1-800-273-TALK or 1-800-273-8255.

**Primary Mental Health Clinic (PMHC):** To get started receiving mental health services at the VA Medical Center in White River Junction, come to the Primary Mental Health Clinic (PMHC) located in Building 39 nearby the Primary Care Green Mountain Firm. The PMHC is open on a walk-in basis between the hours of 8:00 am and 4:00 pm Monday through Friday. Therapists and psychiatric prescribers both staff the PMHC. You can expect to meet with both clinicians during an initial assessment. You may be offered options for care, education about services available, or referrals to VA mental health clinicians, at this time.

**Vet Centers:** Readjustment counseling is a wide range of psycho social services offered to eligible Veterans and their families in the effort to make a successful transition from military to civilian life. These services include:

Screening & referral for medical issues including TBI, depression, etc.	Bereavement counseling for families who experience an active duty death
Military sexual trauma counseling and referral	Outreach and education including PDHRA, community events.

Substance abuse assessment and referral	Employment assessment & referral
VBA benefits explanation and referral	Family counseling for military related issues

VA's readjustment counseling is provided at community-based Vet Centers located near Veterans and their families. All Vet Center services are prepaid through military service.

**The Berlin-Gorham Vet Center:** (covering Northern NH/VT) offers services also at their “outstations” in North Conway—NH, Littleton—NH, Westmore—VT and Lyndon State College in Lyndonville—VT. Please call (603) 752-2571 for more information or to make an appointment at one of these sites.

**The White River Junction Vet Center:** offers services at their outstation in Plymouth NH. Please call (802) 295-2908 or (802) 698-3838 for more information or to make an appointment.

**Sanford Vet Center:** (Maine) (207) 490-1513

**Mobile Vet Center:** NH/VT/ME MVCs, of the Department of Veterans Affairs, are driven to far-reaching rural areas to provide Veterans with services such as counseling for Post-Traumatic Stress Disorder and Military Sexual Trauma, Bereavement Counseling, Marriage and Family Counseling and resources such as VA benefits information and suicide prevention referrals. Like Community-Based Vet Centers, MVCs focus on services that help Veterans make the difficult transition between military and civilian life. Call (802) 295-2908 or (802) 342-2398.

**Vet Center Combat Call Center:** An around the clock confidential call center where combat Veterans and their families can call to talk about their military experience or any other issue they are facing in their readjustment to civilian life. The staff is comprised of combat Veterans from several eras as well as family members of combat Veterans. This benefit is prepaid through the Veteran’s military service. 877-WAR-VETS

**Peer Support- VET-TO-VET:** Gorham, New Hampshire- A volunteer group of Veterans helping other Veterans. Military Veterans from all eras and active duty personnel. 1<sup>st</sup> and 3<sup>rd</sup> Tuesday each month, 6:30 p.m. 7:30 p.m. Gorham Family Resource Center, 123 Main Street for Further Information please contacts any of the following:

## VA Health Care Eligibility and Enrollment for Veterans

Eligibility for VA health care is dependent upon a number of variables, which may influence the final determination of the services for which you qualify. These factors include the nature of a veteran's discharge from military service (e.g., honorable, other than honorable, dishonorable), length of service, VA adjudicated disabilities (commonly referred to as service-connected disabilities), income level, and available VA resources among others. Reservists and National Guardsmen must have served active duty by a federal activation, and for reasons other than for training purposes. **The character of discharge you received from the military can be a factor. It is not an issue if you received:**

An honorable discharge	A general discharge, or	A discharge under honorable conditions
------------------------	-------------------------	--

If you have a different character of discharge, you may still be eligible for care. Contact your Enrollment Coordinator at your local VA health care facility to see if you qualify. The length of your service may also matter. It depends on when you served. There's no length of service requirement for:

Former enlisted persons who started active duty before September 8, 1980, or	Former officers who first entered active duty before October 17, 1981
--	---

All other veterans must have 24 months of continuous active duty military service for reasons other than for training, or meet one of the exceptions described below.

### ***You do not have to meet the 24 continuous months of active duty service requirement if you:***

Were a reservist who was called to Active Duty by federal executive order, and who completed the term for which you were called, and who was granted an other than dishonorable discharge, or	Were a National Guard member who was called to Active Duty by federal executive order, and who completed the term for which you were called, and who was granted an other than dishonorable discharge, or
Are only requesting a benefit for or in connection with: a service-connected condition or disability; or treatment and/or counseling of sexual trauma that occurred while on active military service; or treatment of conditions related to ionizing radiation; or head or neck cancer related to nose or throat radium treatment while in the military.	Were discharged for a reason other than disability, but you had a medical condition at the time that was disabling, and in the opinion of a doctor, would have justified a discharge for disability (in this last case, the disability must be documented in service records).
Were discharged or released from active duty for a hardship* , or	Have been determined by VA to have compensable service-connected conditions; or
Were discharged with an "early out"*; or	Were discharged or released from active duty for a disability that began in the service or got worse because of the service*; or
<b>* must be documented on DD214</b>

## Employment and Training

**The Homeless Veterans' Reintegration Program (HVRP):** HVRP is the only federal program wholly dedicated to providing employment assistance to homeless veterans. DOL-VETS acknowledged that employment is the key to successful transition from homelessness to a life of self-reliance, dignity and promise. The program fosters inter-agency and community cooperation among homeless service providers; offers supportive services and vocational training; and as provides critical linkages for a variety of supportive services that include the entire continuum of care in their local communities. Veterans Inc.'s Employment and Training Specialists utilize a case management approach using client intake assessments and progress reports to identify individual needs and to develop practical individual performance plans. The program is "employment focused" and veterans receive the employment and training services they need in order to maximize potential for successful, long-term employment and permanent self-sufficiency. Qualifying Veterans are eligible for long term support with: **Debra Howard** VA Medical Center, White River Jct., VT (802) 295-9363 x4653

Job placement	Job development	Resume preparation
Training	Career counseling	Interviewing skills

**Homeless Veteran Supported Employment Program (HVSEP)** provides vocational assistance, job development and placement, and ongoing supports to improve employment outcomes among homeless Veterans and Veterans at-risk of homelessness. Formerly homeless Veterans who have been trained as Vocational Rehabilitation Specialists (VRs) provide these services. To learn more about this program contact one of the VA homeless outreach workers. **VA's Compensated Work Therapy (CWT) Program** is a national vocational program comprised of three unique programs which assist homeless Veterans in returning to competitive employment: Sheltered Workshop, Transitional Work, and Supported Employment. Veterans in CWT are paid at least the federal or state minimum wage, whichever is higher. **VA's National Cemetery Administration and Veterans Health Administration** have also formed partnerships at national cemeteries, where formerly homeless Veterans from the CWT program have received work opportunities. To find out more about this program at the WRJ VA call (802) 295-9363 extension 4298.

**The Vocational Rehabilitation and Employment (VR&E) VetSuccess Program** assists Veterans with [service-connected disabilities](#) to prepare for, find, and keep suitable jobs that will not aggravate or exacerbate service connected conditions. Services that may be provided include: Comprehensive rehabilitation evaluation to determine abilities, skills, and interests for employment; employment services which include assistance finding and keeping a job. If you are interested in applying for Chapter 31/VR and E services, please apply online. To learn more about this VR and E/Chapter 31 program go to [www.vetsuccess.gov](http://www.vetsuccess.gov).

## NH State Departments of Vocational Rehabilitation

If you are disabled and would like to re-enter the job market, you may contact a local office for the State's Department of Vocational Rehabilitation. Meet with a Benefits Counselor and attend an orientation will help you with determining how much money you are allowed to make while collecting Social Security Disability Income and/or Supplemental Security Income benefits as well as the roles, responsibilities of you, the job seeker, and the State Agency. You will most likely meet with a Vocational Rehabilitation Specialist to determine your interests, examine your job history, and review any modifications or accommodations needed on account of your disability.
